

## **Nidà Mohammad Ismail Salem, Ph.D.**

[n.salem@ju.edu.jo](mailto:n.salem@ju.edu.jo)

[nmsalem72@gmail.com](mailto:nmsalem72@gmail.com)

Full Professor of Plant Pathology

Department of Plant Protection

School of Agriculture

The University of Jordan

Amman 11942, Jordan

Tel: (+962-6) 5355000 Ext. 22358

Fax: (+962-6) 5300806

<http://eacademic.ju.edu.jo/n.salem/default.aspx>

<https://research.ju.edu.jo/research/groups/PlaViDi/Home.aspx>

### **Education History**

- Ph.D. (A: Excellent): Horticulture and Plant Protection/Pathology, Faculty of Agriculture, University of Jordan, 2002, Jordan.  
Ph.D. thesis: Occurrence and partial characterization of *Prunus necrotic ringspot virus* in Jordan.
- M.Sc. (A: Excellent): Plant Protection/Pathology, Faculty of Agriculture, University of Jordan, 1997, Jordan.  
M.Sc. thesis: *Faba bean necrotic yellows virus*: virus-vector relationships and effect on plant growth.
- B.Sc. (86.4%: Excellent): Plant Protection, Faculty of Agriculture, University of Jordan, 1994, Jordan.
- Elementary, preparatory and secondary schools, 1978-1990, Jordan.

### **Area of Specialization**

Molecular biology; plant pathology/virology; isolation and characterization of plant pathogens including fungi, bacteria, nematode, phytoplasma, viruses and viroids; study their biology and epidemiology; and developing molecular methodologies for detection of plant pathogens and elimination in their host plants. Green synthesis of nanoparticles using plant extracts and their applications in plant protection.

### **Work Experience and Qualifications**

- Head of the Department/Department of Plant Protection  
29/09/2024 - now
- Full Professor  
University of Jordan, Jordan  
21/09/2020 – now
- Associate professor  
University of Jordan, Jordan  
17/04/2015 – 20/09/2020
- Visiting Scientist at University of California, Davis, USA  
25/09/2017 - 05/09/2018
- Assistant professor  
University of Jordan, Jordan  
05/09/2011 - 16/04/2015

- Visiting scholar  
University of California, Davis, USA  
01/06/2013 – 05/09/2013  
19/01/2014 - 30/01/2014  
01/08/2014 - 19/09/2014  
22/07/2015 - 05/09/2015
- Lecturer (Full time)  
University of Jordan, Jordan  
17/04/2011 - 04/09/2011
- Lecturer (Part time)  
German Jordanian University, Jordan  
The academic year 2010/2011
- Research Scientist  
Royal Scientific Society  
11/11/2007 - 14/04/2011
- Lecturer (Part time)  
University of Jordan, Jordan  
The academic year 2009/2010
- Postdoctoral researcher  
University of California, Riverside, USA  
01/08/2006 - 15/05/2008
- Postdoctoral researcher  
University of California, Davis, USA  
01/09/2005 - 31/07/2006
- Fulbright Postdoctoral scholar  
University of California, Davis, USA  
01/09/2004 - 31/08/2005
- Lecturer (Part time)  
University of Jordan, Jordan  
The academic year 2003/2004
- Research assistant  
University of Jordan, Jordan  
2002 - 30/08/2004
- Research assistant  
University of Jordan, Jordan  
1997 - 2001
- Research assistant  
University of Jordan, Jordan  
1994 - 1996

## **Teaching Experience:**

### **Graduate level:**

- Biotechnology in Plant Protection, Ph.D. level.
- Fungal Taxonomy, molecular part, Ph.D. level.
- Plant-Pathogen Interactions, M.Sc. level.
- Biotechnology, M.Sc. level.
- Applications in Biotechnology, M.Sc. level.

**Undergraduate level:**

- Plant Viral Diseases, B.Sc. level.
- Principles of Plant Protection, B.Sc. level.
- Plant Pathology, B.Sc. level.
- Field Training in Plant Protection, B.Sc. level.
- Biotechnology, B.Sc. level.
- Seminar in Plant Protection, B.Sc. level.
- Special topics in Plant Protection, B.Sc. level.

**Graduate Studies:**

**Advisor of graduate students for the following projects** (starting date)

- Occurrence and Distribution of Okra Leaf Curl Disease (OLCD) in Jordan The University of Jordan (2014)
- The Effect of Silver Nanoparticles on Fusarium Wilt of Tomato (*Fusarium oxysporum* f.sp. *lycopersici*) The University of Jordan (2014)
- Occurrence and partial genetic characterization of Cucumber green mottle mosaic virus (CGMMV) infecting cucurbits in Jordan (2022)
- **Co-advisor of graduate students for the following projects** (starting date)
  - Screening for the presence of acrylamide in bread and the evaluation of dietary acrylamide exposure in adults and the study of the relationship between acrylamide exposure and glycemic control and lipid profile among a group of diabetic and healthy women in amman (2021)
  - Effectiveness of different seed disinfection treatments on *Tomato brown rugose fruit virus* (ToBRFV) in tomato. Jordan University of Science and Technology (2017)
  - Distribution of root lesion nematodes (*Pratylenchus* spp.) on wheat in Jordan. The University of Jordan (2016)
  - Occurrence of *Tomato Spotted Wilt Virus* on ornamental plants in Jordan. The University of Jordan (2014)
  - Detection and Studying the Genetic Diversity of *Pectobacterium carotovorum* subspecies *carotovorum* (Dye, 1969) isolates, the Causal Agent of Potato Soft Rot in Jordan. The University of Jordan (2014)
  - Control of mold growth and aflatoxins formation in peanuts by using chitosin containing potassium sorbate. The University of Jordan (2012)
  - Occurrence, incidence and prevalence of yellowing viral disease on cucumber in Jordan. The University of Jordan (2011)
- **Ph.D. and M.Sc. Defense Committees**
  - Suppression mechanisms of root knot nematode by the entomopathogenic nematode *Sterinernema feltiae*. The University of Jordan (May, 2024)
  - Detection of larval residues of olive fruit fly *Bactrocera oleae* in olive oil using PCR. The University of Jordan (May, 2022)
  - Pathogenicity of a Jordanian isolate of the dagger nematode (*Xiphinema* sp.) on Aleppo pine *Pinus halepensis*; molecular and histological studies. The University of Jordan (August, 2017)

- Biological control of pepper root rot disease using arbuscular mycorrhizal fungi and olive cake. The University of Jordan (January, 2017)
- Mapping a novel early maturity gene in barley (*Hordeum vulgare* L.). The University of Jordan (August, 2016)
- Identification, molecular differentiation and developing of commercial cultivars from wild isolates of king oyster mushroom *Pleurotus eryngii* (DC. FR. Que'l) in Jordan. The University of Jordan (July, 2016)
- Detection of genetically modified event EH92-527-1 in potato tubers imported to Jordan. The University of Jordan (May, 2016)
- Detection of genetically modified maize in imported maize seeds in Jordan. The University of Jordan (May, 2015)
- Isolation and expression analysis of putative oxo-phytodienoic acid reductase gene from barley. Al-Balqa' Applied University (April, 2013)
- Effect of different commercial mycorrhizea products on plant growth and Fusarium root rot of different vegetable crops. The University of Jordan (December, 2012)
- Utilization of an agrodrench inoculation method for *Tomato yellow leaf curl virus*. The University of Jordan (June, 2012)
- Characterization of genetic resistance against Mediterranean cereal cyst nematode (*Heterodera latipons*) in wheat. The University of Jordan (June, 2012)
- A study of chemical components of some medical plants in Syria. Aleppo University (June, 2010)
- Mining for parasporin toxin genes in Jordanian *Bacillus thuringiensis* strains. The University of Jordan (August, 2009)

- **Salem, N.** and Mansour, A. (1997) Virus-vector relationships of *Faba bean necrotic yellows virus* and the lentil aphid *Aphis craccivora*. The 6<sup>th</sup> Arab Congress of Plant Protection, October 27-31, 1997, Beirut, Lebanon.

### **Research:**

- Molecular biology: DNA, RNA, and protein isolation; gel electrophoresis; transformation (*Escherichia coli*); labeling (radioactive and nonradioactive); PCR (overlapping, degenerated, RT-PCR); Western, and Northern hybridizations; library screening; DNA sequencing; cDNA-library and cloning; primer engineering; protein purification and antisera production; ODD, ELISA, TBIA tests.
- Green synthesis of nanoparticles and their applications in plant protection.
- Scientific procedures, record keeping, documentation and photography.

### **Funded Projects:**

- Developing innovative tools for detection and management of a new invasive tobamovirus threatening vegetables in the Mediterranean region, funded by Scientific Research Fund/Ministry of Higher Education and Scientific Research, 2021. (Principal investigator)
- Studying the effect of using different shading techniques for plastic houses on fruit quality, production, insect and viral pests of cucumber plants, funded by Deanship of Academic of Research (DAR), University of Jordan, 2016. (Co-investigator)

- Survey and evaluation of control methods for fungal diseases of banana in Jordan Valley, funded by Scientific Research Fund/Ministry of Higher Education and Scientific Research, 2015. (Co-investigator)
- High throughput screening of nanoparticles effect on biochemical mechanisms using BioMEMS platforms for applications in therapeutics and biotechnology, funded by Scientific Research Fund/Ministry of Higher Education and Scientific Research, 2015. (Co-investigator)
- Managing some cucumber diseases using available cucurbit rootstocks, funded by Deanship of Academic of Research (DAR), University of Jordan, 2015. (Co-investigator)
- Occurrence, Distribution and Molecular Characterization of Cucurbit Aphid-borne Yellows Virus (CABYV) in Jordan, funded by Deanship of Academic of Research (DAR), University of Jordan, 2015. (Principal investigator)
- A green method for biosynthesis sulfur nanoparticles for control soil borne pathogens, funded by Scientific Research Fund/Ministry of Higher Education and Scientific Research, 2015. (Co-investigator)
- Epidemiology; Occurrence, Distribution, Molecular Characterization and Detection of Citrus Virus and Viroid Diseases in Jordan, funded by Scientific Research Fund/Ministry of Higher Education and Scientific Research, 2014. (Principal investigator)
- Novel Approach for Synthesis Sulfur Nanoparticles for Control of Fungal Diseases of Plants, funded by Abdul Hameed Shoman Foundation, Fund for Scientific Research Support, 2014. (Co-investigator)
- Establishing a Botanical Garden at Agricultural Research Station, Deanship of Academic of Research (DAR), University of Jordan, 2013. (Co-investigator)
- Preparation and characterization of magnetite ( $Fe_3O_4$ ,  $Fe_2O_3$ ) nanoparticles from iron wastes: antibacterial and antimicrobial activity, funded by Abdul Hameed Shoman Foundation, Fund for Scientific Research Support, 2012. (Co-investigator)
- Occurrence, distribution and molecular characterization of potato virus diseases in Jordan, funded by Deanship of Academic of Research (DAR), University of Jordan, 2011. (Principal investigator)
- Management of banana wilt diseases in Jordan Valley, funded by National Center for Agricultural Research and Extension (NCARE), 2012. (Co-investigator)
- Development of a novel antimicrobial silver nanoparticle for control of soilborne pathogens, funded by EWE/ Clean Technologies (CT) center/USAID-SABEQ, 2011. (Principal investigator)
- Reuse of biosolids as a fertilizer for increasing forage production and enhancing soil fertility, funded by the Scientific Research Fund/Ministry of Higher Education and Scientific Research, 2011. (Co-investigator)
- An environmentally friendly biosorbents for the removal of toxic heavy metal ions from wastewater, funded by Abdul Hameed Shoman Foundation, Fund for Scientific Research Support, 2010. (Co-investigator)
- Toxicity of Jordanian zeolitic nano tuff and other engineered nanoparticles to the nematode *Caenorhabditis elegans*, funded by Hamdi Mango Center for Scientific Research (HMCSR), 2010. (Co-investigator)

- Development of a rapid, sensitive and reliable test for detection of *Salmonella* spp. in food, funded by Support to Research and Technological Development and Innovation Initiatives and Strategies in Jordan (SRTD), 2009. (Principal investigator)
- Detection of adulterated food products in Jordan, funded by Abdul Hameed Shoman Foundation, Fund for Scientific Research Support, 2009. (Principal investigator)
- Development of salinity tolerant tomato genotypes using molecular marker assisted selection, funded by the Scientific Research Fund/Ministry of Higher Education and Scientific Research, 2009. (Co-investigator)
- Preliminary survey of food contamination by mycotoxins in Jordan, funded by The National Centre for Biotechnology (NCB), 2008. (Principal investigator)

**Affiliations:**

- The Association of Applied Biologists (AAB).
- The American Phytopathological Society (APS).
- The American Society for Virology (ASV).
- The Arab Society for Plant Protection.
- The Jordanian Agricultural Engineers Association.
- Emerging Viruses of Cucurbits Working Group (EVCWG)/US.

**Training Courses and Workshops:**

- Attendance the "Advance methods in virus diagnostics: from serology to high-throughput sequencing" workshop, May 13-17, 2024, Leibniz Institute DSMZ-Plant Virus Department, Braunschweig, Germany.
- Attendance the "2023 Seed Pathology Fundamentals: Regional to Global Implications" 15 hours, December 09, 2023, the American Phytopathological Society.
- Online meeting "How to Publish in Scopus; Facts and Tips" workshop, May 7, 2020, The University of Jordan, Amman, Jordan.
- Online meeting "How to make exams by using Microsoft Forms application" workshop, April 29, 2020, The University of Jordan, Amman, Jordan.
- Online meeting "Using Microsoft Teams" workshop, April 23, 2020, The University of Jordan, Amman, Jordan.
- Online meeting "How to make Quiz in moodle" workshop, April 4, 2020, The University of Jordan, Amman, Jordan.
- Attendance the "International Center for Biotechnology and Genetics Engenerring" workshop, October 27, 2019, The University of Jordan, Amman, Jordan.
- Participation in "Survey and evaluation of control methods of fungal diseases of banana in Jordan Valley" workshop, March 14, 2019, Agricultural Research Station, Jordan Valley, Jordan.
- Attendance the "Classroom Managements" workshop, February 28, 2019, The University of Jordan, Amman, Jordan.
- Attendance the "Web of Science Training workshop", February 27, 2019, The University of Jordan, Amman, Jordan.

- Attendance the "Management and Leadership Skills" workshop, March 28, 2019, The University of Jordan, Amman, Jordan.
- Seminar presentation "*Tomato Brown Rugose Fruit Virus*: A New Emerging Virus Affecting Tomato Crops" to the R&D team at HM Clause (Seed Company) in August 21, 2018, Davis, California, USA.
- Seminar presentation "Identification of citrus virus and virus-like diseases with next generation sequencing", Citrus Research Institute (CIRC), the Southwest University (SWU) and the Chinese Academy of Agricultural Sciences, September 7, 2017, Chongqing, China.
- Seminar presentation at Semillas Fito on "Viruses and Virus Diseases of Vegetable Crops in Jordan", January 27, 2017, Barcelona, Spain.
- Attendance of the "Proposal writing for H2020 EU funding opportunities" Higher Council for Science and Technology (HCST) for the implementation of the Support to Research, Technological Development and Innovation in Jordan-Phase II (SRTDII), January 17-19, 2017, Amman, Jordan.
- Attendance of the "Introduction to Erasmus+ funding opportunities" lecture, December 22, 2016, The University of Jordan, Amman, Jordan.
- Attendance of the "Gold Nanocrystals: Physics, Chemistry, Biology, Ecology" lecture, December 8, 2016, The University of Jordan, Amman, Jordan.
- Seminar presentation in Syngenta Middle East Field Day "Viral Diseases of Plants", August 10, 2016, Amman, Jordan.
- Seminar presentation in Monsanto Field Day Winter "Viral Diseases of Tomato Crops in Jordan", March 30, 2016, Jordan Valley, Jordan.
- Attendance of "Plagiarism Detection" workshop, March 3, 2016, The University of Jordan, Amman, Jordan.
- Attendance of "How to get published author workshop", February 29, 2016, The University of Jordan, Amman, Jordan.
- Participation in the "Growtech Eurasia, 15th International Greenhouse, Agricultural Equipment and Technologies Fair", December 2-5, 2015, Antalya, Turkey.
- Visiting scholar to the Center for Desert Agriculture at King Abdullah University of Science and Technology (KAUST), Thuwal, Saudi Arabia during the period of June 16-27, 2015. Working on "Cloning and sequencing begomovirus components and associated satellite molecules".
- Symposium "Restoring damaged ecosystems: Regional and international perspectives", March 30, 2015 organized by The Royal Botanic Garden of Jordan, Amman, Jordan.
- "Defects in cereal and legume seeds", The University of Jordan, December 2-5, 2013, Amman, Jordan.
- "Expert Mission on Detection of Phytoplasmas Disease in Jordan", AGR IND/EXP 53371, European Commission, Technical Assistance Information Exchange Instrument (TAIEX), October 27-31, 2013, Amman, Jordan.
- "E-learning Contents Design and Development", The University of Jordan, Center for Educational Development, January 16-24, 2013, Amman, Jordan.

- Regional Workshop on "Strengthening Regional Cooperation and Knowledge Sharing in Plant Protection between the Near East Countries" December 2-4, 2012, Cairo, Egypt.
- Regional Workshop on "Agricultural Biotechnology Knowledge Network for Strengthening Regional Cooperation and Knowledge Sharing" July 2-4, 2012, Cairo, Egypt.
- "Staff Development Workshops", University of Jordan, Center for Educational Development, January 15- February 6, 2012, Amman, Jordan.
- "Clean Technology Applications in Energy, Water & Environment, scientific visit in USA" organized by EWE/ Clean Technologies (CT) center/USAID-SABEQ, including University of Nevada, Desert Research Institute (DRI), Reno, Nevada; University of Illinois at Chicago, Chicago, Illinois; The Milwaukee Water Council, Milwaukee, Wisconsin, December 12-21, 2011, USA.
- "Clean Technology Applications in Energy, Water & Environment" USAID and RSS, November 20-22, 2011, Amman, Jordan.
- "EU legislations on Import Control of Potato Seeds", AGR 43028, European Commission, Technical Assistance Information Exchange Instrument (TAIEX), DG Enlargement, October 25-26, 2010, Amman, Jordan.
- "Quality Infrastructure for Food Safety" 229MENA, February 7- March 5, 2010, Sweden.
- "Media Go to Europe" Framework Programme 7, the European Commission's main Instrument for Funding Research, October 14, 2009, the Royal Scientific Society, Amman, Jordan.
- Strategies and techniques for generating inventions and acquiring patents, September 6-10, 2009, Royal Scientific Society, Amman, Jordan.
- Practical training on GC/MS, November 11-15, 2007, Royal Scientific Society, Amman, Jordan.
- Taqman-Real time PCR, July 26, 2007, University of California, Riverside, USA.
- A field guide to genbank and National Center for Biotechnology Information (NCBI) molecular biology resources, July 12, 2005, University of California, Davis, USA.
- Principles of beekeeping and honey production, March 16-22, 1999, the Ministry of Agriculture, Amman, Jordan.
- "Introduction to modeling and model maker", June 19-23, 1999, the University of Jordan, Amman, Jordan.
- Conversation in English language / advanced level, July 11-August 12, 1998, the Center for Consultation, Technical Services and Studies, Amman, Jordan.
- Specialized training course in virus diagnosis, December 2-7, 1996, the International Center for Agriculture Research in Dry Area (ICARDA), Aleppo, Syria.
- Microsoft Word (Windows 3.1), July 2-13, 1994, the Center for Consultation, Technical Services and Studies, Amman, Jordan.

### **Academic Awards and Honors:**

- The University of Jordan Award for the highly cited researchers 2020 in Scopus database.
- The best poster award presented at IX International conference 'Bioresources and Viruses', September 9-11, 2019, Kyiv, Ukraine
- Abdul Hameed Shoman Arab Researchers Award in the field of Technological and Agricultural Sciences/ Plant Pests and Diseases, 2016.
- ASV 2013 Undergraduate Teacher Travel Grant to attend 32<sup>nd</sup> Annual Meeting, July 20-24, 2013, Pennsylvania State University, University Park, Pennsylvania, USA.
- A 2004-05 Fulbright Post-Doctoral Scholar Award. 1<sup>st</sup> September 2004 - 31<sup>st</sup> August, 2005, University of California Davis, USA.
- A ward for the best research paper presentation in the 7<sup>th</sup> Arab Congress of Plant Protection, October 22-26, 2000, Amman, Jordan.
- University of Jordan stipendium for Ph.D. degree (1999/2000).
- Hamdi Manko fellowship for M.Sc. and Ph.D. degrees (1995, 2000).
- First rank certification for B.Sc. (1994), M.Sc. (1997) and Ph.D. degrees (2002).

**Skills:**

- Languages:
  1. Arabic: mother language.
  2. English: very good.
- Computer:
 

Good capability in dealing with several software packages: word processing (WinWord), statistics (SAS, Excel), graphics /presentation (PowerPoint, Adobe photoshop), primers design, Clustal X, Clustal W (DNA and protein sequence alignment and phylogenetic analysis), sequence analysis programs (NTIVector, NCBI, MEGAX, CLC workbench, SnapGene).
